“ I remember George very well in school as well on the football field. He was an all around pleasant person, very rarely got upset on football field! I had the pleasure of living in crystal springs for several years knowing his family and going to church! George was a good family man, he was just a really nice person to know and call a friend. I hope his family will get some peace and comfort through this sad situation. My heart goes out to them, and may God comfort them in this time of their grief!
