“ *Andrew Mitchell worked his first job with me in Canton MS at the Nissan plant, shortly after that he entered into a apprenticeship program and excelled through it making a lot of friends along the way. He eventually rose to journeyman status and had his eye on becoming a foreman. He worked for me at the Volkswagen plant in Chattanooga TN right up to the end of may 2020. Andrew had a contagious smile and laughter that will live on in all who new him. Rest easy brother till we meet again*
