“ Last I saw Bob, he was confessing to me how much he regretted abandoning his wife and I believe he said 3 children in New South Wales, Australia to move to America and start a life w Heather Joy Boswell, that became Thomas. Bob, John and I were at a Mexican restaurant in Crystal Springs, Ms. I felt uncomfortable with the weight I could physically see weighing Bob down as he struggled to find and pair words, no posture, inability to obtain or certainly maintain eye contact, then the energy amplified as John bolted away from the table and out of the restaurant. I could feel unbearable weight, I could not comprehend it, couldn't have paid me 12 billion a year in working revenue to believe the reality or truth of the weight he carried at that time. I observed for several minutes, finally saying,
Bob, all you need is the faith of a mustard seed".
He looked at me puzzled.
I, in turn, was puzzled.
Have you never heard the faith of a mustard seed?
No, he replied.
Bob, all you have to do is have the faith of a mustard seed in Jesus, in God, know in your heart you will never make the same sin again, ask forgiveness.
I watched, I was lucky enough to literally witness the weight lift from his bring,
His posture erected in front of my eyes.
Proudest personal moments of my life happened in that restaurant w Bob that day.
Even knowing what I know now, even seeing my baby clothes in my mind that paraded blue hearts.
Outside of having my son, saving Bob, saving his soul that day, it will forever be something I am proud of accomplishing.

John Thomas boasted with joy that Bob fell on the dock and broke his neck and died as a result.
No, John.
You killed him.
Just like you killed Heather.

Verna Jackson is as evil as you and your get along gang and I'm eager to hear from each of you in court in the upcoming days. God will not be mocked.

I promise to release all trauma bond connected emotional ties I have experienced with and for all of you and I promise the wrath of God, my Father, is so much more in severity than your global buddies were able to concur against my life collectively. I promise to do any and everything I can to ensure justice is served.

I spoke Guantanamo Bay into existence.

Let's accept your defeats and face your realities. It's past time.

“ *My sincerest sympathies to David and John. I really enjoyed the times over the years at Pass Christian when Bob and I discussed boats and ships and our love of the sea. When it came to maritime Bob knew exactly what he was talking about. Enjoyed his stories of growing up in Fair Haven, N.J. and working in boat yards as a youngster. He lived a long and good life "Fair winds and following seas" old sailor.*
