MN

“ I was her first grandchild known as marsie Newman daughter of junior Newman and Jeannette Munn. My maw maw was always a gentle kind lady. I have always held her close to my heart and will continue to for all my life. I love her and have the upmost respect for her. Coming up when I was a child I would spend the night maw maw and paw Hiram turned in early but they let me and aunt Darlene watch Hawaii five O . may sound corny to some but its the little things like that . i miss her but I know she is smiling ear to ear because she's with paw paw again. I never heard her raise her voice and she was always a sweet soul. If maw maw or paw paw said something. You could bank on thier word. Trates to few have in my generation. They made me proud of being a Newman .she always went by gods word when she advised me. I thank God for her as do all my family that saw the good in me and didn't give up on me. She taught me so much just by her life, actions, and the loving wisdom . I sat with uncle Kenny. Whom I miss dearly whom took care of maw maw .we sat told stories all about her and paw Hiram and thier life . i thank god for all the times and memories I have she loved me and I pray when god calls on me that I'm just half the lady she is. I love you maw maw save a place for me . i know uncle Kenny is picking that guitar and your singing .you taught me right is right wrong is wrong God will judge us. truth is truth. Your word should be your bond. When no one else maw maw and uncle Kenny did they loved unconditional. She left this world proud of whom I was now overcoming where I came from in life. You are a light beautiful light in my life. Thank you maw maw..kiss paw paw on the check for me .you taught me to let go and let God. and real bonds never break or turn. I will always honor love and miss you. and those talks are carved in my. Heart. im only sorry I haven't been to see you since uncle died..
