“ Bennie and I worked on the robots together. If I was having a tough day, Bennie was quick with a joke. I would say, "I have to run up to the front" he would reply "Walk, Don't Run" or I would say "Well..." and he would reply "that's a deep subject. I always enjoyed working with him and sometimes go to eat Crawfish after work. He was a great man that we loved and he will be missed.

“ I was saddened to hear of Ray's passing. We worked together for several years, and had it not been for him, I probably would not have stayed. He taught me a skill in the fabrication department, that led to better jobs within the company. He was a kind soul, and will be truly missed.
