“ *You were an amazing lady. We had great talks and laughs. We sat on the tailgate of your truck in the garage for hours just chatting. You talked much about your family and how much you love them.*

A small image of a file with text on it.

and i mean thank you mean  
Exactly what you've done...  
A reason to the understand  
From deep within your soul...  
Pushed you to a limit  
That no one could control...  
The burden on your shoulders  
Became too much to bear...  
But like i could've told you  
It's really far...  
You made our world a better place  
In your own possible way...  
But the world tomorrow will be darker  
Then it is today...  
You were someone special  
And Brandy was your name...  
And the best of those you left behind
