“ *Loved this lady she was so good to Sarah and I when she was small. I would put her i the stroller and away we went 2 to 3 times a week. I would help her with the veggies when they had a garden until the snake came slithering by my foot. Didn't go back to the garden after that. Boss always had to be put up when I went. She didn't want Sarah to be scared. Will miss her. Paula Lofton*
