“ *I don't know where to begin with memories. It just seems that Sawyer has just always been! Our families have always known one another. Samantha and Ali kept Naomi for us and therefore, Sawyer was Naomi's third brother/pestering playmate long before either of my boys noticed the Temple girls were gorgeous! We've celebrated birthday parties together. I've watched you grow up from a little boy into a handsome young man. We've spent Easter's and Christmas times together. We've shared grief together. We've shared laughter and joy! Weddings and the birth of Rowan! I watched you mourn and work your way through the death of your Daddy. It broke me. Then I saw this beautiful girl, Clare come into your life and you transformed! You started picking up the guitar like your Dad and doing woodwork like him! That beautiful smile came back! Sawyer, I can't second guess God. He is in control and He numbers the hairs on our heads. I do know that He will watch over your family and hold them tight! They are gonna need it desperately. I love you. I will always love you! I love your sisters and your Mama and Clare. I will do all in my power to be there for them. And as for Rowan! He's got my heart hands down. He will always know who his Uncle Saucer is*
