“ *Sorry this is rather late, but please forgive, I just found out. Jason was my first and last college roommate. I lived him just because he was him. I learned so much from Jason. 💔*

So sad

“ *I met Jason at USM back in the day. Had many good times in his old blue pickup. We hunted, fished, drank and told lies together. Jason was a good friend and a good man. I am deeply saddened to hear of his death.*

“ I worked with Jason starting in 1989 at MARIS. I had just moved to Mississippi from Illinois and he showed me how a country cow farmer can also be a sharp GIS analyst; an ornery complainer about the drive to Jackson and have a big heart and make me laugh. He also taught me southern words and the accent. To this day, when I think of certain words, I hear him saying them. It will be hard to fill the void Jason leaves for you and his coworkers. My condolences.

“ I was saddened when I hear the news of Mr. Jason's death. I worked with Jason at IHL and found out through a conversation one day at work that we didn't live far from each other. I extend my condolences to The Knight Family.
