“ Jimmy was a wonderful, wonderful man and a great friend to my family. We all have many, many fond memories of Jimmy from the time he was a young man. All any of us had to do was pick up the phone and Jimmy was right there for us any time we needed him. I will never forget him and his friendship and kindness. Jimmy was a very sincere and genuinely good man. Much love to Ellen and his children. May God Bless you all.

*He helped to kill a man back in 1981. They called it an accidental drowning but that's not true. They killed Roy who was the father of 11 children and husband of a lovely woman named Ida. Look it up. He was no saint and God finally brought judgement to him.*
