“ This was taken at Hardy Wilson Hospital. July 7, 1986. Dr. Long is standing outside of the operating /delivery room with my mom. He had just delivered my first born son Bradley. Under the picture in Bradley's baby book I wrote Mom and Dr.Long just a Grinning. Dr. Long was so good to me. I remember meeting Dr. Long in the ER early that morning asking him if I could go home and come back tomorrow. He said to my mom call daddy we're having a baby today. Of course there would be many memories to follow. Some were Ouch! He was a great doctor and friend to all. Prayers going up for Dr. Long's family and friends and all the people's lives he changed. Prayers of comfort and peace during this sad time. God's blessing on you all. 🕊️

Dr. John Long's time on this planet is definitive of the phrase, "a life well lived." He was a gentleman and a scholar, and a faithful servant of God and man. I shall always be thankful to have had him as a very good friend.

Scott, Ann, Haley...we hold each of you in our hearts, wrapped in our love and prayers. John was my brother in every sense of the word and like a father to Lynette and Greg. He will be missed until we join him. His laughter had a magical sound that was one of the best things about him...I will hear it in my memory forever. Rest in Peace our beloved Dr. Long.

My sincerest sympathy to Dr. Long's family. My mother was a patient of his, and she dearly loved him. When I met him, I understood why. He was such a gentleman, so kind and made her feel as if she were his only patient that day. We did appreciate him.
