“ God gave me a some special time with mom during the last 2 weeks of her life. She was the same loving person I had known for 57 years. Mom went to be with Jesus as we were reading the Psalms to her and holding her hand. It was a blessed peaceful death. She wanted me to thank everyone who had shared their love with her. She loved so many family and friends and was loved by many. God was first in her life. Most of your names are in her prayer journal. We will miss mom, but she assured me that she will be with Jesus at the gate of Heaven to welcome us home. Mike Davis,
