“ *I first met Rita our senior year in high school, both being classmates in a new school....she was cute and quiet, but always fun and fun-loving! We haven't seen each other but a few times in all these years, but I know that if I saw her now, she would smile real big and give me a hug, and we would catch up, and brag on our grandchildren!*

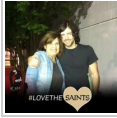

My deepest, most sincere condolences to her family....Tiffany, you will all be in my thoughts and prayers... 🙏💔🙏

Hi Butch I spent my senior year in Gallman with your sweet sister and graduated with her. I remember all the fun and I had no idea she had died. I am so sorry and I wish I could make a charitable donation in her memory can you say where she would have liked me to give. If I do not hear from you I will do St Jude Children's Hospital in TN since she spent a lot of time in TN. Keeping you and her kids and grandkids is my heart and prayers during this sad time. In deepest sympathy Janice Burney Arrington

“ Rita was always ready to lend a hand to family and friends alike. You could count on Rita to always “be there”. I will remember Rita’s sweet smile. I liked her from the first time Jimmy introduced me to her. I’m privileged to have known her and I hope to see that sweet smile again one day.

“ *I worked with Rita for about 15 years at the Georgia Gulf plant. She was a critical part of the operation and kept us out of trouble time after time when we needed accurate information about our production - exactly what we had made and what we could make. I watched her as a wife when her Jimmy was on duty and as a mom when her children would drop in to visit or ask for a decision on a family issue. Whatever her role, she had answers for us all. Not sure how she managed so many smiles along the way, but she did. Rita's demeanor and work ethic were part of my education of how to get along with people and affect them in a positive way. I'm glad our paths ran alongside for those years. I'm a better man for it.*
