“ My deepest sympathy for the entire McLemore family. I met Ronnie (RD) in 2006 working with Bechtel and worked with him on most of the projects until he retired. It was a pleasure not just working with him but knowing him made everyone a better person. Ronnie always saw the good in everyone. Thank you RD for noticing that in me when I wasn't always at my best. RIP my friend you are in God's hands now.

“ It is so sad to here the passing of such a caring and loving friend. I can remember when he was cutting hair back in Hazlehurst and I was still in high school. We both started a long career with Bechtel at Grand Gulf when it was under construction. Working night shift together, I can remember him carrying and placing large number 18 rebar on the side of the containment. After that we went our separate ways, but continuing to run into each other on different jobs. We even shared a house when we were working an outage at Comanche Peak Nuclear Plant in Grandbury, Texas. Every morning he would be on his knees praying before going to work. That is the kind of man that he was. That was a great influence on me. With this I know that he is watching from above. Ms. Montiel, Steve, Ms. Kim, I know you all are hurting and will be missing him, but he is in a better place. Love you all and I will continue to pray for you all.
