“ I was so sorry to hear of Mr. Sammy's passing. He was a true country gentleman, ready to help any way he could. The first time I met Mr. Sammy he told me to come fish in his pond whenever I wanted, I enjoyed the few times I was able to go and have fond memories of a dove hunt or two. My regret is that I lost touch after mother and father died. Mostly I remember that he was my friend and we'll meet again someday. My sincere condolences to the family.

“ My Uncle Samuel was a man whom I loved and respected. I was devastated to learn of his passing. Words alone cannot describe what he meant to me, and my family. Memories of Uncle Samuel from childhood until adulthood, always happy to see you and never an unkind word did I ever hear him utter. He will be missed by all who can in contact with him. I grieve, but know how grateful I am to be able to call him my Uncle Samuel.

“ When I would visit he would take me to the catfish pond and let me feed the catfish. He was found of watching them eat. He loved sharing what he had with others and having them fish on his land. He always called me “girl” when I called. His voice reminded me of my Dad (Willie Shelton). He lost his beloved wife many years ago, he would talk about her cooking, which I remember from my childhood. He was especially fond of her pies. He always gave good advice. I will miss our talks. He was a hard working man who would always give someone a helping hand. I won't say goodbye because I know he will be waiting in heaven. Thank you Uncle Samuel for making a big difference in my life and filling in so I did not miss my Dad as much.
