Beautiful!! I remember telling Judy that I always thought Sheila was chubby in her adult years, just because she was all chubby, pink faced and if she stayed out in the sun much, even her scalp turned pink! But Judy told me, and I see from these pictures, she was as thin as could be. The way she stands reminds me so much of Aunt Frances, regal. Love yall! I still want to try to do a get together of a bunch of the Gray families and their in-laws, kids, grand kids, great grand kids, etc. I have missed all of you all these years and now Sheila is gone! Let's not let another year pass without getting together. Rita.

“ *Mama loved everyone! Her grand babies lit her up, all 19 had a special place in her heart. She was blessed with great grand babies also and when I would show her pics or videos from Facebook , she would grin from ear to ear! I miss her so much and would love to have her here but I know I can't. I know that she is with her mama now and it makes me smile, taking care of all our babies and telling all about her grand babies*
