“ *I have know Bill for several years on the Wolverine Single Sideband Net. Bill was always there to help when needed and such a mentor to our group. Bill was taken from us way too soon and will be missed by all of us. I was glad to say that I did get to meet him in person at the Wolverine picnic at our home in Michigan. Doris Foley K8DXJ*

“ I meet Bill about 5 years ago through the Wolverine SSB Net. Two years ago I had the pleasure of meeting Bill in person when he surprised me when he arrived at the picnic in Flint Mi. at Brian (W8TRU) business. He had driven almost none stop to get to the picnic. After speaking to him for several years over the radio meeting the voice in person was a real pleasure, he was truly a genuine a warm and big hearted man with a spirt for adventure.

“ I first met Bill on the Wolverine SSB Net. He was always a great help to our net and that just speaks to his wonderful character. I had a few QSOs with him after the net and on other networks (OMISS). He was always very welcoming and friendly. I will certainly miss him. My condolences to the Lisk family on their loss.

“ I have never met or talked to Bill 'W5ORA' on Ham radio. But I recently joined the Wolverine SSB Net on 80m. Bill must have been an amazing person. I can not believe how many sweet words and recognition for his contributions to Amateur Radio. Thank you Bill for all you have done. Wish we could had a QSO. 73s, my friend. Greg K8CGS

“ Bill is one of the finest fellows we have had on our Wolverine Net-- he was always there to mentor and assist--beyond that his comments were always interesting and fun to listen to. He was always there, unless his dear Annie was coming through the door with groceries or other items she needed help with--he was clear and heading to help! I always thought of Bill as the iron man due to his trip up to the Wolverine picnic in 2020. We all were so happy to meet him and so impressed when he drove straight through to get home--what a guy! He's one I would share a foxhole with as he didn't let things shake him up and was ready for anything. Bill, we love and miss you on our net, best 73's and may you rest in peace--hope to see you again!

*I know he picked up his first license at age 12 and has held several call signs during his life.*

*Being an Elmer and mentor was easy and natural for him. I first run into him in 2010 and has guided me and was a source of knowledge that he shared without hesitation. During the following years I have worked him on 5 bands.*

*Not only was he a great friend whom I have spent several days with but he also has a really big heart.*

*He will surely be missed.*

*Rest in peace my friend.*

*Although I never had the opportunity to meet Bill in person, I felt as if I knew Bill as a friend. When I first started checking into the net, I told Bill I was a new ham and he guided me and told me how the net worked. I checked in enough from that point that he knew my voice before I ever said my calls. I will miss him. Rest in peace.*
